2002 Annual Conference

September 22-24, 2002

Pre-Conference

September 21, 2002

Featured Speakers

Eileen Dreyer

Eileen Dreyer, Award-winning, best-selling author Eileen Dreyer, known as Kathleen Korbel to her Silhouette readers, has published twenty-one books for Silhouette since 1986 and, under her own name, five suspense novels for HarperCollins. The year 2002 brings her to St. Martin's Press.

Dreyer won her first publishing award in 1987, being named the best new Contemporary Romance Author by Romantic Times. Since then she has garnered not only four more Romantic Times awards, but five Rita Awards from the Romance Writers of America, which gained her her place as only the fourth member in the RWA Hall of Fame. In 1997, she was also nominated for the prestigious Anthony Award for mysteries. With over three million books in print worldwide, she continues to make regular appearances on the Waldenbook and B. Dalton bestseller lists.

A native of St. Louis, where she still lives with her husband Rick and two children, she spent her formative years working in hospitals, including a sixteen year stint as trauma nurse. Holding a BS, she has also done post grad work in forensic nursing and death investigation. An addicted traveler, she has sung in some of the best Irish pubs in the world, and enjoys the kind of hands-on book research that lets her salve and insatiable curiosity. She counts film producers, police detectives and Olympic athletes as some of her sources and friends.

A frequent speaker at writer's conferences all across the country, Dreyer is a member not only of Romance Writers of America, but Mystery Writers of America, Sisters in Crime, and, just in case things go wrong, Emergency Nurses Association and International Association of Forensic Nurses, of which she is the unofficial mascot.

Patrice McDermott, Assistant Director of the Office of Government Relations at the American Library Association Washington Office. She joined ALA in December 2001, after having served for 8 years as the senior information policy analyst for OMB Watch.

At ALA, Patrice has lend responsibility for information policy and e-government policy issues. She has testified in congressional hearings, and is a frequent speaker on public access issues. She also had a regular column on information policy for Federal Computer Week - until the dot bomb hit.

Patrice was awarded her doctorate from the University of Arizona in political science and received an M.L.S. in library and information management from Emory University. She served as the Assistant Director of the Office for Intellectual Freedom of the American Library Association from 1986-1988, taught information politics at Clark Atlanta University from 1988-1990, and, from 1990-1993, worked at the National Archives and Records Administration. At NARA, she worked on electronic public access to the exchange of information from the online information resources and services under development in NARA.

Patrice McDermott

Craig O'Neill, Little Rock native and radio legend joined Today's THV as sports director in 2000 after entertaining Arkansas for 30 years as one of the state's most famous and humorous radio personalities.

According to Craig, "In August of 1999, I began to park at Today's THV's front door, demanding to be put on TV." Once he became sports director, his first assignment was to cover the Cotton Bowl game between the Arkansas Razorbacks and the Texas Longhorns where Arkansans were introduced to his unique brand of sports coverage.

Craig was named 1986 Young Arkansan of the Year, and in 1996 received a Community Service Award for his charitable activities. Craig also holds the distinction of being the only disc jockey to ever host a dance at the White House. Also, Craig was the honoree of Big Brothers / Big Sisters for 2000.

Throughout the years, Craig has given his time and talents to help many organizations including The American Cancer Society, Big Brothers / Big Sisters, Boy Scouts, Girl Scouts, Arkansas Children's Theatre, Arkansas Arts Center, Arkansas Children's Hospital, Muscular Dystrophy Association, Cystic Fibrosis Foundation, Ballet of Arkansas, Easter Seals, Florence Crittenton Home, American Heart Association, Hope Lodge, VIPS, and Multiple Sclerosis Society.

John Riggs, IV, is President of J.A. Riggs Tractor Company located in Little Rock, Arkansas. John is active in civic and community affairs in Arkansas and the greater Little Rock area. In January 1999, John began serving his first term as a State Senator representing District 16. He serves on the Education Committee as well as several other committees within the General Assembly. Prior to his election to the State Senate, John was elected to and served on the Little Rock School District Board of Education from 1992-1999.

In addition to his elected post, John has served on the boards of Volunteers in Public Schools, Pulaski County United Way, Arkansas Business and Education Alliance, and Philander Smith College. He is past member of the Greater Little Rock Chamber of Commerce Board of Directors and former Chairman of Leadership Greater Little Rock.

Karen A. Farmer Wanamaker, Imagination and creativity are hallmarks of Karen's presentations and materials. She combines her enthusiasm and love of children into all her work.

Karen earned a BS degree in Elementary Education and Educational Media from Auburn University. Her master's degree in Storytelling and Reading from East Tennessee State University place her among a select few in the field of education.

Karen's honors include being a National Endowment for the Humanities Scholar in Children's Fantasy Literature, Outstanding Young Educator (1989), Cable Television Teacher of the Year (1993-1994), Kappa Delta Pi Outstanding Young Educator (1996) and winner of the Tennessee Innovative Elementary Media Program presented by the Tennessee Association of School Librarians (1997).

Karen travels around the country teaching librarians how to present thematic units. Her sessions are always a big hit with children's librarians.

Charles Beard, director of Ingram Library at the State University of West Georgia in Carrollton, Ga., has been a lifelong library advocate, legislative activist and intellectual freedom champion. He was instrumental in reestablishing Georgia's legislative lobby for libraries

whose efforts succeeded in securing state funding for the largest public library building program in Georgia's history, technology grants for every public library building and school library media center in the state, and Georgia's prestigious state-wide library systems: GALILEO (Georgia Library Learning On Line) and GIL (GALILEO Interconnected Libraries), providing an array of

bibliographic and full-text electronic research materials as well as enhanced access to resources throughout the state.

Beard has actively participated in the Georgia Library Association (GLA), the Southeastern Library Association (SELA), and the American Library Association (ALA), having served as president of GLA and SELA, and on the Executive Board of GLA and ALA. He has attended all but one of ALA's Library Legislative Days in Washington, DC, and has presented numerous programs and workshops on advocacy/lobbying at ALA Annual and Midwinter Conferences and various state library conferences and legislative days. In June, 2000, he was enrolled in the National Advocacy Honor Roll, sponsored by ALA and the Association for Library Trustees and Advocates (ALTA), a division of ALA.

Government Information after September 11

Patrice McDermott, Assistant Director of the Office of Government Relations, American Library Association, Washington

How do we weigh the risks of everyone knowing about vulnerabilities and hazards with the risks of the public not knowing the vulnerabilities and hazards to which they are unwittingly exposed? How do we weigh the needs of science and free discussion with the needs to protect the public? Dr. McDermott will discuss how the federal government, and some in the non-profit community, have gone about this process, the steps taken recently by the Bush Administration, what the next steps are likely to be, and how the library and public access community thinks this process should proceed. Librarians Discover Early Arkansas Historical Treasure!

Lynn Foster, Associate Dean for External Relations and Professor of Law, UALR

Last fall, a collection of historical importance was discovered by the UALR/William H. Brown Law School Library among nearly 400 boxes of old court papers originally donated by the Arkansas Supreme Court. The oldest of the collection documents dates to 1809, ten years before the formation of the Arkansas Territory, and includes court records from more than 200 territorial cases during the period from 1809-1836. The collection, which provides a glimpse into territorial Arkansas life and court procedures, "has caused stir among the state's history and law scholars." Arkansas Democrat-Gazette. October 26, 2001 at B-1. Dean Foster has since obtained grant monies to be used to preserve these documents and to digitize a portion of the collection for access via the Internet. Proof

By David Auburn
September 6-22, 2002

Penned by Little Rock's own David Auburn, this powerful play won both the Pulitzer Prize for Drama and the 2001 Tony Award for Best Play. Proof is the story of Catherine, an enigmatic young woman, her manipulative sister, their brilliant father and an unexpected suitor. Together they become entangled in a complex equation of love, trust and truth when they discover a mysterious mathematical proof among papers in the attic.
