

## Guidelines and Criteria for Arkansas Library Association Awards

### Summary:

The Awards Committee is responsible for soliciting nominations and selecting the recipients of the following awards established by the Arkansas Library Association. The Awards Committee selects all award recipients with the exception of the President's Award. This is the purview of the president.

In addition, the Awards Committee may make multiple levels of an award, as in the Arkansiana Award. It may also choose to make no award.

It is the policy of the Association not to make awards posthumously except when death occurs between the time a recipient is selected and when the award is announced at the awards ceremony.
